

**IMPORTANT OPERATING INSTRUCTIONS**

*Please read these instructions before use:*

*For safety reasons and to ensure longevity, giant umbrellas must be kept either – fully open to limit stop or fully closed with straps applied. The umbrellas should be closed in strong winds. Remove snow from umbrellas and gutters.*

**TO OPEN**

- 1 Remove straps and unwrap fabric
- 2 Insert handle into gearbox and wind clockwise
- 3 It may be necessary to guide umbrella arms to avoid furniture
- 4 Wind fully open to the red limit stop visible on the square telescopic section at the top of umbrella and remove handle
- 5 Fit heaters to mast or support arms if applicable. For eezi-heat® and ecco-heat®, follow instructions on heater brackets to deploy heaters correctly
- 6 Switch power supply on

**WARNING**

**UMBRELLAS SHOULD BE CLOSED IN STRONG WINDS AND STRAPS FITTED**

**TO CLOSE**

- 1 Switch power supply off
- 2 Allow heaters to cool
- 3 Unplug heaters from distribution ring
- 4 Insert handle into gearbox and wind anti-clockwise until umbrella is fully closed
- 5 Pull all fabric clear of the arms to avoid fabric damage and wrap around
- 6 Secure with 2no straps provided to avoid wind damage. Do not allow the fabric to flutter!

***The manufacturer does not accept responsibility for wind damage or any damage caused by failure to follow the instructions above***
